

Exploring Sefton's Coast Woodlands

Discover the magnificent
Sefton Coast woodlands, part of
The Mersey Forest.

A new series of walks and talks revealing
some of the hidden gems of the coastal
woodlands, home to the famous red
squirrels and a range of fascinating plants
and other animals.

Come and discover a different side to the Sefton Coast Woodlands. Learn about the people who planted them, the products that come from the woods and the skills needed to manage them now and in the future.

Explore the woodlands in more detail in September to look at the new wood allotments, woodland management and help create a new community map for the woodlands.

EXPLORING SEFTON COAST WOODLANDS - Talk and Walk

6 SEPTEMBER - 1PM meet at
ST LUKE'S PARISH HALL
